

Wireless Water Polo

Introducing a completely wireless and portable timing and scoring system for water polo.

2.4 GHz Wireless Water Polo

Colorado Time Systems is pleased to introduce a completely wireless timing and scoring solution for water polo. The portable scoreboard can be moved within your facility to accommodate the best viewing for your audience (caddy sold separately). Game and shot time are displayed in an all-new ruggedized polyethylene molded plastic enclosure that is water and sun resistant and completely corrosion free.

Water Polo Clock

- 10" LED digits display shot time, 5" LED digits display game time
- Integrated horn - performs separate shot and game tones
- Integrated batteries
- Can be used as a deck side pace/time of day clock when not being used for competition

Scoreboard

- Molded plastic handle for ease of portability
- 10" LED digits display game time and home/guest scores
- 7" LED digits display period
- Integrated horn - performs separate shot and game tones
- Integrated batteries

Wireless

- 2.4 GHz wireless
- Operate with tabletop or handheld controller

Handheld Controller

- Operating distance up to 1,000 ft
- Buttons with tactile dome feedback
- Large transfective LCD screen - easily readable in all environments from darkness to bright sunlight
